Dear Mr. O'Brien,

I would like to thank you for attending the Monday November 24<sup>th</sup>, meeting which addressed Toronto Hydro's proposal to install a wind anemometer within Lake Ontario, off the Scarborough Bluffs.

During the evening you publicly agreed to arrange for another meeting for residents who reside within the Bluffs community to make their concerns known to your company's representatives.

Councillors Ashton, Moeser and I are prepared to attend another Toronto Hydro meeting for our residents to discuss the proposed anemometer. It is our expectation that Toronto Hydro will host and advertise the meeting to our residents.

It is also expected that Toronto Hydro will devise some means to ensure the questions of our residents are heard prior to any outside residents or groups.

Thank you for your attention to this matter.

Sincerely,

Paul Ainslie  
Councillor  
City of Toronto  
Ward 43 Scarborough East
