As I have indicated in my previous correspondence please make your comments known to both Toronto Hydro and the Ministry of Natural Resources. Your input to the Ministry of Natural Resources and Toronto Hydro's consultant are to be on the proposed anemometer not wind turbines, as the current proposal is to install an anemometer. Comments on wind turbines at this point may be ignored by Ministry officials, as they are only collecting data on the anemometer application. Comments on the anemometer are to be sent to:

Ian Dobrindt, MCIP, RPP
Gartner Lee Limited
300 Town Centre Blvd, Suite 300
Markham, Ontario L3R 5Z6
Phone: 905.477.8400 ext. 213

Phone: 905 713-7386
Fax: 905 713-7361

Authority to provide Toronto Hydro with the approvals to install a wind testing anemometer lies with the Provincial Ministry of Natural Resources.

If you wish to further express your comments on this matter to your government representatives I have provided a list of Provincial authorities.
