

TRANSFORMING TRANSIT IN YOUR AREA

Guildwood GO Station: Demolition Work during the Day and Overnight - **Extended** **March 6 – March 12, 2018**

Metrolinx, an agency of the Province of Ontario, is working to transform the way the region moves by building a seamless, convenient and integrated transit network across the Greater Toronto and Hamilton Area (GTHA). Over the next ten years, Metrolinx is transforming the existing GO rail system to deliver a whole new rapid transit experience to your community. With more frequent train service you'll have more options to get you where you need to go. Metrolinx is committed to updating our neighbors' along the Lakeshore East and we are writing to provide you with information regarding some upcoming maintenance work.

THE LOCAL PROJECT

Metrolinx is working to make major upgrades to Guildwood GO Station to make it easier and more convenient to access the station. This work supports future 15 minute, two-way all-day electrified service that is fast, frequent, and reliable for residents of the Guildwood community.

Demolition work to remove the old elevator and tunnel structure at Guildwood GO Station will continue past March 6, 2018. This work will continue to take place during the day and also overnight. This work is expected to last for another week, ending on **Tuesday March 12, 2018**.

Please note: For the purposes of safety, work times are subject to appropriate weather conditions.

WHAT TO EXPECT

This work will consist of construction noise such as heavy equipment moving, beeping, chipping, excavation and demolition.

We recognize that this work can be disruptive to residents and we are doing our best to carry out this essential construction with the least amount of disruption possible.

If you have any questions, or would like to be included on future communications, please do not hesitate to contact me at **416-202-7210** or **Jody.Robinson@metrolinx.com**
